FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

NO ONE IS EVER TURNED AWAY FROM THE YMCA.

As an organization for all, the Y works tirelessly to help improve the health and well-being of our neighbors, regardless of their financial circumstances. Where others put up barriers, the Y opens doors and finds ways for the entire community to access life-changing programs and support.

This simply would not be possible without you. It is because of our generous donors and Y champions that we can be for all and meet the needs of our community.

DROWNING PREVENTION

In the summer of 2018 alone, four children drowned or nearly drowned in pools right here in the Pikes Peak region. These tragic events are a reminder to us all that swim lessons shouldn't be a luxury – every child should know exactly what to do should they fall into a body of water.

No one knows this better than the Y. Not only did we invent swim lessons, but we also ensure that they are affordable and accessible to all children in our community. Because of our Safety Around Water program, 300 low-income children who had little to no experience in water now know exactly what to do should they accidentally become submerged. These lessons are offered free of charge thanks to of generous supporters like you who believe that even one drowning death is one too many.

EVIDENCED-BASED HEALTH PROGRAMS

Chronic diseases account for 7 in 10 deaths among Americans each year – the reason for the most deaths in the U.S. At the Y, we are committed to preventing and combating chronic disease. Because of supporters like you, our evidenced-based programs can help keep our neighbors out of the doctor's office – regardless of their financial circumstances.

Through Y programs, seniors are learning to prevent falls through our Moving for Better Balance classes. Cancer survivors are regaining their strength and confidence through our LIVESTRONG® program. Individuals with Parkinson's are breaking free from the disease and learning how to walk on their own again. Your support is what ensures all our neighbors can be their healthiest selves, regardless of financial means.

CREATING CONNECTIVITY FOR YOUTH AND TEENS

El Paso County has one of the highest teen suicide rates in the nation. At the Y, we believe programs aimed at teens and children can play a critical role in helping to halt this shocking trend. Respect, responsibility, honesty and caring are at the core of every Y program to provide the support and connection to community we all need.

This year, we expanded our Middle School Initiative program to include 6th, 7th and 8th graders, providing not only a free Y membership but also a safe space to be after school every day, with a hot meal, trained staff, and people who genuinely care about their health and well-being.

Programs like the Middle School Initiative means that children are cared for after school and do not go home to an empty house, where they may get into trouble without supervision. It gives kids a chance to connect with friends they don't see during the school day and encourages physical activity and the development of new hobbies.

Your support means that these programs, and so many more, are affordable and accessible for all. Join us in our cause to strengthen the foundation of our community today by donating today!
