

A LETTER FROM BOYD WILLIAMS

I want to thank you for taking the time to learn more about the YMCA of the Pikes Peak Region's opportunity to acquire and renovate the Dean Fleischauer Activities Center and transform it into a newly renovated YMCA for the Fountain Community. For over 141 years the Y has served the Pikes Peak Region and remains committed to serving every member in our community, regardless of background, financial status, ethnicity or creed.

Today, the Y is stronger than ever as we continue to offer programs and services that strengthen our community and impact the lives of individuals across the region. As the largest childcare provider in our region, we help build self-esteem and self-confidence through enrichment services we provide at 30 before and after school sites; a teen center for alternative high school students, six full-service summer day camps, one year-round overnight camp and one preschool.

Annually, the Y collaborates with over 200 organizations throughout the region to help meet the needs of an ever-changing and growing community. Premier collaborations with organizations such as the City of Colorado Springs, Penrose-St. Francis and Children's Hospital of Colorado ensure we reach beyond the walls of our facilities and into the community where we have an even larger impact. Now, the Y has the opportunity to collaborate and deepen our partnership with Fountain-Fort Carson School District 8 and expand services to thousands of individuals who will benefit from an even larger Y presence in this community.

In Service,
