

IT'S A BRAND NEW DAY!

YMCA OF THE PIKES PEAK REGION
2010 ANNUAL REPORT

Dear Friends,

It's a brand new day! For the first time in 43 years the Y unveiled a new brand strategy to increase understanding of the positive impact our organization makes in the community so that more people take advantage of the YMCA's unique capacity to foster lasting personal and social change. The Y is about changing lives for the better. We view participation in our programs and services as a means to a greater end. Therefore, through our rebranding effort, we will help our community learn more about our work, so we can serve more people and make our community an even better place to live and raise a family.

By simplifying how we describe our programs, it will be apparent that everything we do is designed to nurture the potential of children and teens (Youth Development), improve health and well-being (Healthy Living) and motivate people to support their neighbors and the larger community (Social Responsibility).

One of the biggest physical changes for the YMCA of the Pikes Peak Region in 2010 was the addition of the Bennett Lodge to Camp Shady Brook. Bennett Lodge replaced the old Dining Hall, which has been serving campers since 1948. This addition will enhance our ability to serve larger groups as well as increase year round programming. We invite you to take a trip to Camp Shady Brook with your family!

As we wrapped up 2010 and started a new calendar year we celebrated the leadership and vision of Merv Bennett, who served 40 years with the YMCA. Through his time, our YMCA experienced significant growth with the addition of new YMCA Family Centers as well as partnerships and collaborations which continue to make an impact on our community. Merv officially retired on February 1, 2011.

As we embark on this next year with new leadership, a new brand strategy and an enhanced strategic plan, we will continue to be committed to being one of the leading non-profit social service agencies in our community.

WHAT'S CHANGING

- How we present ourselves- more cause and impact focused
- No longer using the tagline "We build strong kids, strong families and strong communities"
- Our logo
- How we describe the benefits of what we do

WHAT'S NOT CHANGING

- Our name
- Our mission
- Our core values
- Our dedication to individuals, families and communities

WHY ARE WE MAKING ALL THESE CHANGES?

Studies show people know our name yet don't really know who we are and what we do. The Y focuses on changing lives for better through programs accessible to people from all financial backgrounds that are designed to nurture the potential of children and teens, improve our community's health and well-being and provide people a place to connect. We want to better communicate this to the public.

ARE WE CHANGING OUR NAME?

Not really. We will always be the YMCA- the Young Men's Christian Association. The public refers to us as the Y, so that is how we will refer to our national brand.

WHY ARE WE CHANGING THE LOGO?

Y's across the country have adopted hundreds of different logos. The new logo unites us nationally and is new and progressive. It is also bold, active and refreshing. The different colors reflect the diversity of our communities and offerings.

HOW/WHY ARE WE CHANGING THE WAY WE TALK ABOUT OUR PROGRAMS?

By reorganizing the way we describe our programs we hope that the public will better understand that the Y supports:

Youth Development: everything we do is designed to nurture the potential of children and teens

Healthy Living: improve health and well-being

Social Responsibility: motivate people to support their neighbors and the larger community

HONORING JIM MAGUIRE

The J.H. Woodgate Award is named for the first Board Chair of the Colorado Springs YMCA who served in 1878. The award recognizes outstanding contributions made by an individual or community organization to the YMCA of the Pikes Peak Region.

Jim Maguire, our 2011 award recipient, has been a long time advocate and supporter dating back to the 1960s. He served on the Metropolitan Board of Directors for two terms and has been actively engaged in all levels of the organizations' fund raising activities. Most recently Mr. Maguire co-chaired the Tri-Lakes capital project and served on the building committee. His influence was critical in making the dream of a YMCA in the Tri-Lakes community a reality. Jim Maguire models the YMCA values and is one of our strongest advocates for our mission. It is with great enthusiasm that we honor Jim Maguire with the YMCA's highest recognition, the J.H. Woodgate Award.

The Y means fun, and learning. It's a place where we can learn how to swim, make crafts, play basketball, and feel healthy. The Y doesn't forget that kids want to have fun, it's like the Y was made for kids.

Chamberlain Family- Tri lakes

To our family of 9, the Y is a place to go where everyone feels welcome, a place to have fun and stay in shape. The Y is also a place where teens can learn to be responsible for themselves as well as others through volunteering.

Bussell Family- Briargate

The YMCA was founded by volunteers and still today we are a volunteer led organization. In 2010, 2,158 volunteers recorded a total of 28,891 hours of their personal time on boards and committees, as youth sports coaches or mentors to our teens or helping organize and lead events impacting our community. Our volunteers range in age and come from all backgrounds. Each year the YMCA recognizes volunteers who have made a significant impact in our community through the YMCA. It is our pleasure to honor the following volunteers for their commitment to the YMCA and our community in 2010.

To our family, the YMCA is a place to experience enrichment, community and fitness. We can't imagine life without the Y; it has truly touched our lives. It's not just the workouts that are valuable, it's the feeling of community. There is no pretense; just genuine, caring people.

SOCIETY 2010

The Summit Society is a group of families and individuals who share a belief in the mission of the YMCA and who want to expand that mission to strengthen the community for future generations. By recognizing that the YMCA will continually play a critical role in the future lives of the greater Colorado Springs community, they have invested – through outright gifts and planned gifts – in the Endowment Fund or Foundation of the YMCA of the Pikes Peak Region. These gifts come in the form of bequests, insurance policies, stocks, charitable trusts, property, and outright donations. And, because of these gifts, the YMCA of the Pikes Peak Region will be able to continue to provide innovative programs to address the challenges and opportunities of our communities future. Strong today...stronger tomorrow.
