A LETTER FROM THE CEO

Supporting the YMCA through sponsorship is an opportunity to invest directly in experiences that bring our community together. From hosting the largest race in Colorado Springs to gathering community leaders and partners at our Annual Celebration, YMCA events create meaningful moments that inspire connection, promote well-being, and strengthen the Pikes Peak Region.

When you sponsor a YMCA event, your organization becomes part of experiences that reach thousands of participants, families, and supporters each year. These events are more than one-day moments, they are platforms for engagement, visibility, and shared purpose, all while advancing our mission of youth development, healthy living, and social responsibility.

Your partnership extends beyond philanthropy. It is a strategic investment that aligns your brand with trusted, high-impact events that our community looks forward to year after year. Through thoughtful sponsorship opportunities and clearly defined deliverables, we work to ensure your organization's support is recognized, valued, and impactful.

We invite you to explore the opportunities outlined in this packet, review the sponsorship benefits available, or connect with our philanthropy team to create a customized partnership aligned with your goals and passions.

Together, we can continue to deliver events that unite our community and create lasting impact on race day, at our celebrations, and in the lives of those we serve every day.

Sincerely,

Boyd Williams

President & CEO

OUR HISTORY

Since our founding in 1878, the YMCA of the Pikes Peak Region has grown to include branch locations throughout the region and offsite locations at schools and neighborhood centers to reach over 125,000 people each year. Through partnerships and community involvement, the YMCA is reaching out in innovative ways to build strong kids, strong families, and strong communities.

With your support and partnership, the YMCA of the Pikes Peak Region can continue growing to meet the needs of our community.

At the dedication of the new Colorado Springs YMCA building in 1901, Teddy Roosevelt said the YMCA "promotes industry, temperance, and self-reliance... it is a taxpayer's best friend. It gives better government at less cost, and that is the ultimate of political aspirations.

2026 MILITARY EVENTS

Military families face unique and ongoing challenges, from frequent relocations to extended deployments that place significant emotional and financial strain on parents and children alike. These service members and their families make daily sacrifices in service to our nation. As funding for military family support programs continues to decline, critical services at installations are being reduced or eliminated. In close partnership with military leadership, the YMCA works to bridge these gaps by providing essential programs and resources that strengthen military families and support their well-being.

Our military troops and families deserve all the help we can possibly provide with no and low cost programs.
